DETAILED ACTION

Information Disclosure Statement

1. The references listed on the Information Disclosure statement filed 2/23/2005 have been considered by examiner (see attached PTO-1449).

Specification

2. The disclosure is objected to because of the following informalities: The claims section should begin with the phrase "I/We claim: ..." or something similar.
Appropriate correction is required.

Drawings

3. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because Figure 1 has hand-drawn elements to it. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Use FP 7-40 for final action

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH
